I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Pacific View Charter School is a direct-funded K-12 WASC accredited charter school situated in Oceanside serving approximately 500 students each year. It provides a combination/hybrid of classroom and non-classroom-based instruction through a Personalized Learning Model. In 1999, the school was chartered by the Oceanside Unified school District. The attendance area for Pacific View includes San Diego County and all contiguous counties in accordance with the law. In August 2015, PVCS opened an additional site in Moreno Valley, with the capacity of serving a total of 200 students in grades K-12, through a non-classroom based Learning Center.

MISSION

The Pacific View Charter School community is focused on the success of each student and partners with parents in the education of their children. The school is committed to providing a safe and exceptional learning environment utilizing 21st Century tools, resources and curriculum. Highly Qualified Teachers guide the learning process through current research and methodologies.

VISION

Students at Pacific View Charter School use technological tools and research-based curricula to achieve personal and academic success. In a Personalized Learning environment, the students develop 21st Century skills in preparation for college and the workforce. Pacific View Charter School students are global communicators who listen, speak, read and write in an effective manner. The individual needs and learning styles of students are accommodated through personalized learning.

CORE VALUES

The following are the Core Values for which all stakeholders are expected to adhere to:

The Personalized Learning Model: We believe that creating an Individualized Learning Plan for students that encompasses the development of 21st Century skills and content knowledge will prepare them for success in college and the work force.

Parental Involvement: We believe parents are an integral part of the student's personal and academic success. Pacific View Charter School partners with parents in the education of their children and in the governance of the Charter School.

Student Success in the 21st Century: We believe it is critical that students develop learning and innovation skills in the areas of creativity, critical thinking, problem solving, communication, and collaboration. Curriculum that utilizes information and communication technology (ICT) literacy tools, and media will prepare students for the 21st Century.

Fiscal Solvency: We believe the prudent use of fiscal resources is essential to the vision and mission of the Charter.

Accountability: We believe that student achievement is a critical indicator of our success at Pacific View Charter School. We are committed to the success of each student through the compilation and analysis of student data and research based programs and interventions.

School Facility Conditions and Planned Improvements

Pacific View Charter School provides safe, clean and well-maintained campuses.

A comprehensive Safety Plan, subject to annual review, revision, and approval of our School Board is in place at both locations. Our Safety Plan addresses:

- Air Pollution
- Animal Attack or Threat
- Bees-European Bees, Killer Honey Bees
- Bomb Threats and Suspicious Packages
- Civil Disturbance
- Crime Scenes
- Earthquake
- Fallen Aircraft
- Fires

- Floods
- Hazardous Materials
- Armed Intruder/Active Shooter
- Severe Windstorm
- Shelter in Place
- Sudden Explosions
- Suicide Attempts & Threats
- Bullying

All building infrastructure is maintained according to a strict maintenance schedule.

The Oceanside campus has recently completed a school-wide flooring replacement project.

School Facility Good Repair Status

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed

B. PUPIL OUTCOMES

STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/ Literacy (grades 3-8 and 11)	28%	31%	42%	45%	48%	50%
Mathematics (grades 3-8 and 11)	13%	12%	35%	36%	37%	38%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note:Cells with N/A values do not require data.

Note:The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education (CTE) Programs (School Year 2017-18)

All high school students are required to take 2 courses focusing on college and career options. In addition, students must complete the Exit Course, which requires them to complete a resume, mock interview and to create a portfolio of their exemplary work from high school. Each student meets annually with the College and Career counselor to create a yearly learning planner that tracks their progress towards graduation. In their last year of high school, all students also create a graduation plan with the counselor to set up a plan for graduation and beyond.

Career Technical Education (CTE) Participation (School Year 2017-18)

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. ENGAGEMENT

STATE PRIORITY: PARENTAL INVOLVEMENT

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement - (School Year 2018-19)

Parents are an integral part of the education process at Pacific View Charter School and serve as the educational support person for the student. The school's program requires that parents and students attend regularly scheduled conferences with their Supervisory Teacher. Parents are invited to attend events held at the school and serve as a member of the PVCS Board of Trustees. PVCS has increased the number of onsite school events to include Back to School Night, Winter Festival, Field Day and 8th grade promotion.

STATE PRIORITY: PUPIL ENGAGEMENT

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

EDUCATIONAL PROGRAM

Pacific View Charter School is open to all students seeking an alternative educational program. It offers a Personalized Learning Model that includes the following:

1. The Supervisory Teacher, parent/guardian or designated support person, and student collaborate in developing and achieving high academic success in a personalized learning program. Supervisory Teachers meet one-on-one with the student and parent/guardians at regularly scheduled conferences to review assignments completed by students.
2. A variety of instructional strategies are available at all levels to address individual student needs and school goals. These may include such things as: utilization of computer based instruction, online curriculum, small group learning, tutoring opportunities, educational field trips, community service, guided textbook use, and the ability to work in teacher offices, among others.
3. Curriculum is aligned to the Common Core State Standards. Specialized small group instruction may be offered to elementary, middle school, and high school students in various academic subjects and extra-curricular activities to provide support and promote social interaction.
4. High school students are encouraged to take community college classes to assist them in meeting graduation requirements and furthering their educational goals.
5. The high school program operates on a year-round flexible open entry/open exit model following a two-track system using a 175-day school year calendar. An extended year component is also offered as a 6-week intercession from April to May. The K-8 school program is closely aligned to a traditional school year and also uses a 175-day school year calendar.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Pacific View Charter School provides Professional Development days throughout the school year.

Workshops for staff include Data Collection, Interventions, Best Practices, Identifying student needs through Star Enterprise assessment, and attendance at various conferences. The staff has also participated in Professional Development workshops that assists teachers in understanding the social and emotional needs of students. Professional Learning Communities meet three Wednesdays of each month to review and revise curriculum. The PLCs also collaborate on projects and interventions that can assist the struggling student.
